

**CITY OF HUNTINGTON BEACH
MEMBER OF THE CITY COUNCIL**

PETER ALBINI

OCCUPATION: Design Drafter

Huntington Beach is a great city, not only to visit but also to live. I will work to keep Huntington Beach as a place that people want to visit and a great place to live. I know it is not all postcards and sunsets in Huntington Beach. We have our share of hardships. To deal with those hardships I will bring to the City Council, integrity, high moral and ethical standards, respect for our citizens, and respect for our natural resources.

Huntington Beach needs services like life safety, libraries, road repair, weed abatement and graffiti removal. With the drying up of the oil industry, we as a city have chosen to pursue sales tax from tourism to generate the revenue needed for those services. Our beaches and wetlands are the very reason people come to this city and spend their time and money. It is important that we take the necessary steps to provide and maintain an inviting and healthy beach going experience. It would not be economically viable to damage this source of our city revenue. One of the benchmarks of my campaign is "Balancing the needs of the city with the needs of the environment". Go to www.albini4hb.com to learn more.
